

### **Blue Sky Studios: Visual Development Internship**

Academy Award® winning Blue Sky Studios is a wholly owned unit of Fox Filmed Entertainment. The studio's mission is to pioneer creatively superior photo-realistic, high-resolution, computer-generated character animation for the feature film, television and entertainment industries. Some of our credits include the 1998 Oscar® Award winning short film Bunny, Ice Age, Robots, Ice Age: The Meltdown, Horton Hears a Who, Ice Age: Dawn of the Dinosaurs, and our latest feature Rio.

The creative minds at Blue Sky Studios are currently looking for Design Department Interns. Students with exceptional talent in drawing, design, and/or color will have the opportunity to work hand in hand with professional artists in a studio environment.

#### **Responsibilities:**

The internship will focus on understanding the production process and how Design contributes to the work of other departments within the studio. Under the guidance of the Designers and Art Directors, interns may contribute to the look and feel of our upcoming films in Set Design, Character Design, and/or Color/Matte Painting.

#### **Qualifications:**

We are seeking junior and senior level students at an accredited college or university, and students who have graduated in the last 9 months

#### **How to Apply:**

In order to be considered you will need to:

Cover letter and resume

Copy of your printed portfolio (NO ORIGINALS, DVDs or CDs)

Two letters of reference from faculty

Please mail your submission to:  
Blue Sky Studios  
Visual Development Internship  
One American Lane  
Greenwich, CT 06831

Deadline for submissions is April 22, 2011. Good luck!
